

PrePass Fact Sheet

KANSAS

January 2022

Kansas has been part of the PrePass system since 2001 and currently has PrePass deployed at 8 sites. Across Kansas and the nation, PrePass helps facilitate freight movement by allowing prequalified trucks to be electronically screened and then safely bypass weigh stations at highway speeds.

PrePass is a service offered by PrePass Safety Alliance, formerly HELP Inc., a public private partnership (P3) established in 1993 between states and the trucking industry. The Alliance is the nation's only non-profit P3 established specifically to promote safety and efficiency in commercial transportation. Since 1993, the Alliance has invested over \$900 million nationally to provide PrePass.

PrePass by the numbers

Kansas benefits since 2001

1,022,811¹ hours saved

4,909,535² gallons of fuel saved

10,838³ metric tons of emissions reductions

\$4,066,964 invested in infrastructure & maintenance

12,273,838 successful bypasses using PrePass

\$92,030,299⁴ operational cost savings

National statistics since 1997

996,280,362 successful bypasses using PrePass

\$7,663,991,501⁴ operational cost savings

83,023,074¹ hours saved

398,512,145² gallons of fuel saved

876,583⁵ metric tons of emissions reductions

Numbers as of December 31, 2021. ¹Based on a minimum of 5 minutes saved per screening bypass; ²Based on .4 gallons per pull-in; ³Equivalent to removing 1,932 passenger vehicles from the road through December 2021 per US EPA estimates; ⁴Benefits based on studies by the Iowa State University Center for Transportation Research and Education and the FMCSA; ⁵Equivalent to removing 156,808 passenger vehicles from the road through December 2021 per US EPA estimates

To qualify for PrePass, PrePass Safety Alliance electronically reviews carriers' safety and credential eligibility using data from over 100 federal, state and provincial databases, including the Federal Motor Carrier Safety Administration. Each state determines pull-in rates for PrePass equipped vehicles based on a carrier's Inspection Selection System (ISS) score or other state specific criteria.
